// ABOUT US

Dog Wash Systems, USA, manufactured by **CCSI International**, has been the leading manufacturer of pet washes since 2009. Featuring 6 unique soaps and treatments, our dog washes are easy to operate and even easier to maintain. Our units are made to order right here in the USA at our factory in Garden Prairie, Illinois. If you'd prefer a different color scheme than what we've come up with, let us know! Customization is included in the cost of the unit. After your dog wash is built, it will arrive fully assembled and ready to be hooked up to your utilities. Our dog washes are fully modular so if you need to pick up and move to another location, no sweat! Just disconnect from your water and electric and throw it on a truck.
